## **NOTICE OF ASBESTOS COMPLIANCE**

---

August 1, 2012

Dear Students, Parents, Staff, and Organizations:

This notice provides information on School District 27J's compliance with the Asbestos Hazard Emergency Response Act (AHERA).

All schools have been inspected for the presence of asbestos-containing building materials.

Every three years, the District is required by law to have the asbestos in our facilities monitored and examined by a State approved inspection company. These periodic inspections reassure us that our facilities provide a safe environment for our students and staff.

It is the intention of School District 27J to comply with all applicable federal and state asbestos regulations and to take whatever steps are necessary to ensure students and employees have a healthy and safe environment in which to learn and work. You are welcome to review a copy of the asbestos management plan at the school district administrative office (18551 East 160<sup>th</sup> Avenue, Brighton) during regular business hours or at the school main office during regular office hours.

Please contact me if you have questions or concerns.

Sincerely,

Flora Aguirre-Diaz  
Manager of Operations  
School District 27J  
18551 East 160<sup>th</sup> Avenue  
Brighton, CO 80601
